

## MRAP Virtual Maintenance Trainers (VMTs)

### Scope

- 40 hours of training simulating 1200 procedural steps on two 3D VMTs for US Army Wheeled Vehicle Maintenance Schools at Ft. Jackson and Ft. Lee
- 35 lessons (over 2400 storyboards) supporting tasks for Independent Suspension System (ISS) and Automatic Fire Suppression System (AFSS)
- Virtual component replacement, checkout, and troubleshooting

### Highlights

- Unique training environment that immerses the student in a 3D setting allowing tutorial, guided practice, and free play activities
- Integrated COTS software or tools to provide stable immersive training
- Maximized customer supportability without reliance on contractor
