

## SRCTec, Inc Interactive Electronic Technical Manuals (IETMs)

### Scope

- Converted approved Microsoft Word® based technical manuals to Interactive Authoring & Display System (IADS) format
- Ensured one-to-one conversion for all aspects of the technical manuals

### Highlights

- Created an IADS conversion software suite designed to efficiently transition technical documentation to the required IETM format
- Converted a total of five manuals in accordance with MIL-STD-40051-2
- Met stringent cost and time constraints with 100% customer satisfaction
